Humongous.

Rosanna: Dec, what do you think about the car? Do you like it?
Declan: I Think it's really good, and I'm gonna sing my new album now.

Don't tag me along, to your show, to your broadcast, I know, I'm good at letting go, And then tag me along, with your rules, with your promise, I swear, you spend to much time on your phone and on your hair, Do you care? I'm big, humongous, enormous and small, and it's not fair, that I am nothing and nobody's there. Do you care? I'm big, humongous, enormous and small, and it's not fair, that I am nothing and nobody's there. Do you care? Don't tell me I'm not, I'm not smart or I'm not worthy, I know I couldn't let that go, and then tag me along with your hate and with your envy, I swear to God I cannot take you anywhere! Do you care? I'm big, humongous, enormous and small, and it's not fair, that I am nothing and nobody's there. Do you care? I'm big, humongous, enormous and small, and it's not fair, that I am nothing and nobody's there. Do you care? Do you care? I'm big, humongous, enormous and small, and it's not fair, that I am nothing and nobody's there. DO YOU CARE? Godspeed, up, slowpoke it's peak - I'm gonna throw up. OH BABY when will you grow up Cause you've been such a joke this week, You think it's funny, when you're talking all loud and your nose is all runny. ha

Brazil.

I heard you sold the Amazon To show the country that you're from Is where the world should want to be for a fine something all people need I'm faithless now Though we win every time and I don't know how Cause I haven't bought you and I haven't sold me But the people are dying to get on TV I heard he lives down a river somewhere With 6 cars and a grizzly bear He's got eyes, but he can't see Well, he talks like an angel but he looks like me Oh Lord! What have I become? I'm the face of God I'm my fathers' son I'm not, what you think you see I know you can't eat leather, but you can't stop me Why would you lie, why would you lie about how you feel? I've got a mission and my mission is real Because you've had your chances, yeah you've had enough I'm gonna burn your house down to spread peace and love And it gets me down Oh Lord how it gets me down I heard he lives down a river somewhere With 6 cars and a grizzly bear He's got eyes, but he can't see Well, he talks like an angel but he looks like me Oh Lord! Oh Lord! I wanna play the beautiful game out in Brazil Cause everybody plays the beautiful game while I'm in Brazil It's all you've ever wanted, and it's all that you want still Don't you wanna play the beautiful game out in Brazil? I wanna play the beautiful game while I'm in Brazil Cause everybody plays the beautiful game while I'm in Brazil It's all you've ever wanted, and it's all that you want still Don't you wanna play the beautiful game out in Brazil? I heard he lives down a river somewhere With 6 cars and a grizzly bear He's got eyes, but he can't see Well, he talks like an angel but he looks like me! I heard he lives down a river somewhere With 6 cars and a grizzly bear He's got eyes, but he can't see Well, he talks like an angel but he looks like me!

The Kids Don't Wanna Come Home.

I don't know what I want If I'm completely honest I guess I could start a war I guess I could sleep on it I don't know what I want If I'm completely honest I guess I could start a war I guess I could sleep on it
But hey there kids with guns your neighbours complain but they don't know where they come from I guess it's just bad advice for Someone so upstanding So maybe just ask them twice or Be a bit demanding You don't know how to give love to anyone You don't know how to pretend You told your kids that they'd live long forever But the kids don't wanna come home again No the kids don't wanna come home again Haven't you any shame Have you got no morals Teaching them how to aim no Sadness and no sorrow Well hey there mother mine Your kids are sick but they're gonna be just fine I said possibly not if You keep raising them this way You're just leading them to die oh Your disbelief and dismay But hey there kids with guns your neighbours complain but they don't know where they come from You don't know how to give love to anyone You don't know how to pretend You told your kids that they'd live long forever But the kids don't wanna come home again No the kids don't wanna come home again You don't know how to give love to anyone You don't know how to pretend You told your kids that they'd live long forever But the kids don't wanna come home again No the kids don't wanna come home again No the kids don't wanna come home again No the kids don't wanna come home

Mind.

He took his shirt off as he ran, from you, so slowly away, but I found him, he's fine, I wasn't flirting as I am, Deciding the loneliest heart in the living room was mine. She wasn't trying to make a stand Oh you, the only escape from her envy was pride, That's not really who I am, The deadliest sins are for those who'd partaken, not I. Well it was only a matter of time Why d'you keep changing your mind? Why d'you keep changing your mind? Carrying a plastic bag, threw up by your side just to show me I'm lonely again, Maybe I just ain't a man, so loosely reduced to an infant dependant on wine Well it was only a matter of time Why d'you keep changing your mind? Why d'you keep changing your mind? Why d'you keep changing your mind? Why d'you keep changing your mind? I can't see clear again, I got myself stuck, I won't come here again, I'm all out of luck, He took his shirt off as he ran, from you, so slowly away, but I found him, he's fine, Why d'you keep changing your mind? Why d'you keep changing your mind? Why d'you keep changing your mind? Why d'you keep changing your mind?

Make Me Your Queen.

I know that I mean nothing to you babe, I've tried my best to keep these thoughts away, Oh I try to speak but there nothing left to say Cause I mean nothing to you babe, I know that I mean nothing to you dear, If ever I stop by you're never here, and I don't mean shit, I know you've made that clear, Cause I mean nothing to you dear. So make me your queen So make me your queen I know that I mean nothing to you babe, I'm in your grip from which I can't escape, and I can't help but think that I might maybe not

mean nothing to you babe So make me your queen So make me your queen It's all too much to take, I'm awake, I'm awake I feel false and I feel fake, but I'm awake, I'm awake It ain't hard to get sick of my shit, I'm asymmetrical, Get over it for goodness sake I'm awake, I'm awake So make me your queen So make me your queen So make me your queen So make me your queen Oh it's all too much to take I'm awake I'm awake

I Am Everyone Else.

Children on the street, are cowardly and scared, and powerfully prepared, for things I dare not speak of in all my lifetime, for I am ready, Mother nature calls, The innocent and done, beckons them to come, to witness persecution for my privilege, for I am ready, To turn the many in to some, before you run out of rhyming words for scum. Why'd you act sick and pretend, Pretend that you've never known it, Aren't you just sick of spending, all your time getting noticed, You showed me the message you sent, And act like you never wrote it, Well aren't you just sick of your friends, your friends with ulterior motives, cause I am everyone else, I am everyone else, I am everyone else, I I am insecure, As pretty as I seem It's a reoccurring theme, I've never heard much different in all my lifetime, For I am ready, I love and care for you, As ugly as you are, You're precious you're a star, your energy is admirable at the most, for I am ready, To reconsider what you have, before you run out of rhyming words for chav. Why'd you act sick and pretend, Pretend that you've never known it, Aren't you just sick of spending, all your time getting noticed, You showed me the message you sent, And act like you never wrote it, Well aren't you just sick of your friends, your friends with ulterior motives, cause I am everyone else, I am everyone else, I am everyone else, I

Bethlehem.

SO, You've left it all behind you, For love is only as you see it, Though, So many do confide in you It seems you are the one who confines most, But you sin as you wish Because I'm in Bethlehem, I've got a seat in heaven, And though I am heaven sent, I can do as I want and you don't have the right to choose, Codes, You follow codes and break them For love is only what does suit you most, Hope, I hope and pray for love to reign For love is what I give through my own codes But you sin as you wish Because I'm

in Bethlehem, I've got a seat in heaven, And though I am heaven sent, I can do as I want

Why Do You Feel So Down?

I can't speak and I can't listen and everyone is a curse or something worse what can I say to the kid that made you complaining like you were made to when you hate every God I pray to So don't lie, to me I know I'm not as cool as I'd like, to be, but why do you feel so down? Again, I know I'm not a very good friend But why do you feel so down? Sure, that's not something I'd stick around, for, but why do you feel so down? Oh God, I know you think I'm safe and sound, I'm not, But why do you feel so down? I've gone weak and I'm sick of speakin, so hear me out you're the cure, or something more, I think you're one of a kind so I'll never like myself, I think you're older and wiser so I won't let you tell, I think it over and over and hope you're thinking too, I think it over and over and hope I'm over you So don't lie, to me I know I'm not as cool as I'd like, to be, but why do you feel so down? Again, I know I'm not a very good friend But why do you feel so down? Sure, that's not something I'd stick around, for, but why do you feel so down? Oh God, I know you think I'm safe and sound, I'm not, But why do you feel so down? Everyone, I messed up again Everyone, I messed up again Everyone, I messed up again Everyone, Don't lie, to me I know I'm not as cool as I'd like, to be, but why do you feel so down? Again, I know I'm not a very good friend But why do you feel so down? Sure, that's not something I'd stick around, for, but why do you feel so down? Oh God, I know you think I'm safe and sound, I'm not, But why do you feel so down?

Paracetamol.

There's a boy 15 with a gun in his hand And the people with no audience say should be hanged And they ask him for his motive but they don't understand... Why they love, like they do like they do There's a girl 15 with her head in a noose Because she's damned to live, well she's damned to choose And the animals walked in twos by twos Showing love like they do like they do There's a girl 15 although she isn't sure Well how the hell could you want anything more? You beautiful perfect immaculate whore.. I'm in love, love with you, love with you Oh won't you let me finish You drive me insane The world will keep on turning Even if we're not the same Don't come onto me come onto me There's a boy 15 turning into a man Well tell me one other thing that he can While you forced a smile through jealous hand Showing love like you do, like you do There's a boy 15 and he's tempted to sue Cause he's definitely sure that it's true Well what kind of man, kind of man are you? Showing love like you do like you do Oh won't you let me finish You drive me insane The world will keep on turning Even if we're not the same Don't come onto me, come onto Well tell me what's on your mind (X2) Well don't forget your, paracetamol - smile (X4 this section) You're emotionally challenged Why do you waste your talent? Listen to Your Friends.
Don't call me out, cause i heard you scream, I don't wanna get out of bed for this, again. won't waste your time, I heard it in a dream, I don't believe, you trust in me, trust in me I bet you only listen to your friends, I'm talking like I can pretend, that I feel better when you tell me that I always have to go, you tell me what I want to know, and I feel better for it, But I know, sometimes it's hard for me to say, I love you every other day, you pour my heart away And sometimes, I'm scared of what they've done, so I look how far we've come, you think you don't have to put up a fight, but you might as well, So I tell, you everything you won't admit, You tell me you don't care one bit, and I feel better for it look online do ten minutes of research and in turn find the problem is poor kids who want holidays in term time the problem is poor kids who can't afford the train fare, so we up the train fare and charge them for not paying the train fare, the problem is welfare, the problem is free health care, cause it's un fair, and if it's gone it's well fair, the problem is drugs, the problem is free love and free hugs, stay in fear, do some drugs and stay here well i said go on then, but god bless the weatherman, who has gone out of business since the psychoactive substance ban, the gateway has set him back from bulk buying nos to selling crack the problem rose when a rich man suggested it over his lunchtime snack so we banned the produce, it's a bit of a nuisance really Don't call me out, cause i heard you scream, I don't wanna get out of bed today, okay. won't waste your time, I heard it in a dream, I don't believe, you trust in me, trust in me Please trust in me trust in me.
